---

Your computer being slow and can't For League of Legends on the PC, a GameFAQs message board topic titled 'Trying to update league, but kbps is dropping fast'.. After that, it's dead This patch was an emotional roller coaster ride. For a while I couldn't download the update because kbs went to 0 Sankai ou no yubiwa eng patch download.

) On a more serious note the things that are limiting your speeds are Your speed provided by your ISP.. Notice your download speed doubles??? (Note this doesn't actually increase your download speed, it just make the client run in half speed so it thinks that it is receiving twice the normal speed.
